Breeder animal health declaration

Record a statement about the health of the animal including any noted physical, behavioral, or genetic conditions obvious at the time of assessment, including but not limited to parasites, wounds, hair loss, discharge from eyes and nose, signs of pain, diarrhea, etc.

This dog has recently been desexed by Bannockburn veterinary clinic. They will need to be kept quiet, and contained for at least 5 days post-surgery.

Describe the welfare implications and possible veterinary costs associated with any of the conditions listed above.

Other comments

This dog has been retired from the breeding program at JewelPark.

This dog must be desexed before leaving JewelPark, and quite often you may need to do the aftercare post-surgery.

Breeder declaration and guarantee

I, Andrew Lucas, in accordance with the requirements of the Code of Practice for the Operation of Breeding and Rearing Businesses (Revision 1) offer the following guarantee and return policy:

- The animal provided to you is the animal described in this paperwork.
- The animal described in this paperwork has been bred in accordance with the requirements of the Code of Practice for the Operation of Breeding and Rearing Businesses (Revision 1) by me, the proprietor of a registered Domestic Animal Business.
- The animal described above is accompanied by a vaccination certificate signed by the veterinary practitioner who assessed the health and vaccinated the animal.
- The health statement above is a true and correct declaration of the health of the animals on the date of sale.
- All estimates of costs associated with treatment for any medical conditions are estimates only and at the discretion of the attending veterinary practitioner.
- The animal is accompanied by information about the appropriate care for its age, breed, and health status.
- The animal is accompanied by information about the legal requirements for owners of dogs and cats in Victoria.
- If the purchaser decides to return the above animal to this business within 3 days of the sale, for any reason not supported by a statement from a veterinary practitioner, the business will take the above animal back and refund 75% of the purchase price.
- In the event that the dog is ill and can be traced back to the point of sale, the breeder takes back possession of the dog, and refunds the buyer, the breeder's maximum liability shall not be greater than the purchase price. The breeder shall resume ownership of the dog and shall arrange for any necessary treatment and all right title and interest in the dog reverts to the breeder, including but not limited to, the right to make decisions in relation to the care and welfare of the animal.

I acknowledge that I have been informed that the dog could have diarrhoea for the first few days, due to stress, change of diet, introducing treats, and eating something they shouldn't, and they can have a little bit of blood in their poo for up to a week after their vaccinations, and worming treatments, and also due to the stress of going to their new home.	
I acknowledge that I have read the page provided to me in the folder, regarding diarrhoea in dogs, and if I choose to take the dog to the vet regarding this issue, JewelPark will not be liable for any costs.	
I acknowledge that I have been informed of the process of changing the dog's diet and that JewelPark is not liable for any costs if I don't follow this, and my dog becomes sick.	
I acknowledge that If I decide to return the above animal to this business within 3 days of the sale, for any reason not supported by a statement from a veterinary practitioner, the business will take the above animal back and refund 50% of the purchase price.	
I acknowledge that I have been informed of the last date of worming and vaccinations, and it is my responsibility to be aware of and provide all future doses.	
I acknowledge that I have been informed that I must register the dog with my council and JewelPark has no responsibility at all to do this.	
I acknowledge that JewelPark will transfer the dog's microchip to me online, via Central Animal Records, and that it is my responsibility to accept the transfer and if needed pay the \$10 transfer fee directly to Central Animal Records.	
As the dog's new owner, they must make every effort to provide proper nutrition, socialization, exercise, and discipline through training, keeping vaccinations and health checks and records to date.	
That in the event that the dog is returned to the breeder for any reason it is the responsibility of the purchaser to pay for all transportation fees.	
That in the event the buyer can no longer care for the dog prior to the dog being moved on to a new owner the buyer will offer the return of the dog to the breeder as the first option.	
The Breeder does not assume any liability for any injury sustained by the dog after delivery is completed and the Buyer agrees to make no claim on the Breeder for any injury sustained by the dog after delivery.	
The Breeder does not assume any liability for any loss of the dog after delivery and the Buyer agrees to make no claim on the Breeder in relation to any loss of the dog.	
The Breeder does not assume any liability for any veterinarian accounts incurred in relation to the dog unless the Breeder has been given the opportunity to take back possession of the dog and has declined to do and agreed to.	
The breeder does not assume any liability for health or genetic conditions which are beyond the breeder's control.
